New Microsep™ Advance and Macrosep® Advance Centrifugal Devices

- ▶ Low-binding polypropylene construction and built-in deadstop typically yield greater than 90% recovery.
- ▶ Omega™ and Supor® polyethersulfone membranes provide high flow rates and are low protein binding.
- ▶ Color-coded for easy identification.

Buy 3 packages of either Microsep Advance or Macrosep Advance centrifugal devices, get 4th package of same product FREE.
